

Brian S. Neumann spent more than 16 years in the rock-pop industry as a professional musician. He worked as a vocalist, guitarist, composer, performer, and session musician in Europe and South Africa.

His band *The Reespect* was signed by Polydor Records, one of the largest international recording companies in Germany where they released the popular record, "She's so Mystical".

During this time his band appeared with musicians such as Elton John, Janet Jackson, and the Communards. As a musician he worked in some of the best studios available in the recording industry.

Since his return to Jesus, Brian has done extensive research into the language of music, its effects on the human psyche, and the spiritual, mental, and physical implications attached to choosing the right or wrong kind of music.

Brian has lectured extensively on this topic in countries such as Germany, Austria, the Czech Republic, Poland, Canada, USA, Botswana, Iceland, Namibia, and South Africa.

Brian's scientific and Biblical presentations are an excellent source of information for the whole family.
